

VM START NOW

Everyone can make their storefront remarkable thanks to VM START NOW.

The new simple and smart solution to use the VITRINEMEDIA ranges without the need of installing rails on the ceiling thanks VM cables hanging adhesive pads directly attached to windows!

VM Start Now is compatible with the entire VM Two range. It can support up to 5 kilograms: that's up to four A4 panels, or three A3 panels, or one A2 panel or even one VM SIGN R60 panel.

Designed with reusability in mind, it is sold with 5 pairs of adhesive pads per box. Each box includes everything needed to get started: fixtures, pads, connectors, tools, cables, a 30 watts power supply and simple assembly instructions.

With this smart and accessible solution, everyone can be remarkable, effortlessly.
