

VM R60

Power Consumption

Low voltage
(24 V)

Brightness

Up to 3200 Lux

Hybrid

Portrait or
landscape

Service Life

80,000 hours of
use

Let your brand shine in every curve and contour

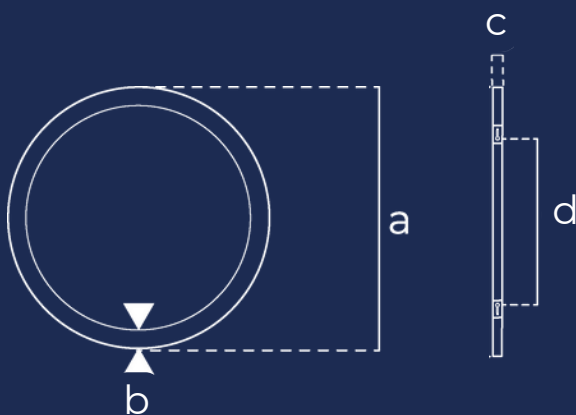

With its two-sided design, you have the opportunity to insert two visuals per display, visible from both the front and rear.

The VM R60 can be installed from cables in your storefront or securely mounted on your wall.

Experience the power of our LED circular display and let your brand shine from every angle.
